

Don't know how to get started? Here are some quick E-mails to send to potential donors:

- I'm walking for our (son/daughter, name). You can help Autism Speaks build a better future for families like mine that live with the challenges of autism every day. Every 20 minutes, another child is diagnosed with autism -- that's less time than it will take to make a donation to help my efforts. Please click here (personal page URL) to read my reason for walking. Thank you so much!
- Please help me make a difference! I'm walking to celebrate our (son/daughter) who has made incredible strides this year. We know that all families aren't as fortunate as we are; they need our help as they continue to search for answers and hope. Autism Speaks is investing millions of dollars to fund research into the causes, prevention, treatments and cure. Please visit my personal page (personal page URL) to make a donation today!
- As you may know, our (son/daughter) was recently diagnosed with autism. Thank goodness for Autism Speaks! The 100 Day Kit was our roadmap through those first weeks. I'm walking to help raise money for research and so more resources will become available for families like ours. I'm asking all of my friends and family to help me reach my goal of (insert goal) by making a donation. Please click here to you're your donation (personal page URL). Thanks!
- Can you believe more children will be diagnosed with autism this year than AIDS, pediatric cancer and diabetes combined? Please sponsor me and help raise money and awareness to support the work of Autism Speaks. I believe the day will come when no parent hears the words "your child has autism". Click here (personal page URL) for more information or visit (URL) and sign up today to walk with me!
